

# Baker Park Bandshell Renovation

## Rotary Club of Carroll Creek

### PROJECT DESCRIPTION:

The Baker Park Bandshell Renovation is a project to modernize and enhance the aesthetics and functionality of this key community resource. The end result will include new bathrooms, improved and expanded facilities for the performers, renovated finishes and new provisions for audio systems.

### PROJECT BACKGROUND:

- ✓ **Achievable** - Able to raise the necessary funds and in-kind contributions to make the project a reality
- ✓ **Sustainable** - Maintain bandshell enhancements through the City of Frederick
- ✓ **Visible** - Seen by thousands of community members each year
- ✓ **Necessity** - Lacks priority status needed for funding by other entities

### **PROJECT COST:**

The total project cost is about \$300,000.

### **GET INVOLVED:**

Sponsorship opportunities are available.

- ✓ Buy a brick—\$100

Pavers will be installed in the walkway that wraps the back of the bandshell.

- ✓ Name a bench—\$500

A limited number of opportunities exist to place your name on a bench located at the back of the bandshell.

- ✓ Plaque of recognition—\$2,500

List your company on a 8" square bronze plaque to be prominently featured on the side of the new wings of the bandshell.

Make checks payable to the Rotary Creek of Carroll Creek - with a note designating the funds for the pass thru account.
