

Christopher Moody II, CIC

President

Moody Insurance Worldwide

Christopher Moody is the president of Moody Insurance Worldwide. Mr. Moody's experience and expertise are focused on the development, implementation and management of insurance and risk management programs for organizations looking to increase their value and results and to nurture a culture of success. These programs address the global scope of a company's property, liability, directors & officers and professional liability exposures, as well as the integration of these programs with employee benefit and welfare programs.

Mr. Moody holds a degree in Business Administration and Management from Gordon College and has earned the Certified Insurance Counselor (CIC) designation. He instructs courses and seminars on risk management, captive insurance companies and the integration of insurance and risk into strategic plans.

Chris grew up in Maryland and currently resides with his family in Frederick County. He is passionate about helping communities and organizations grow and serves with several non-profit board of directors.

Moody Insurance Worldwide is a leading independent insurance agency in the Metropolitan DC area, serving insurance needs of individuals and businesses across the Metro DC area, the U.S. and around the world for over half a century.

Moody pioneered a proprietary risk management program that helps organizations create and implement risk management programs. Moody's VisiRisk™ tool empowers organizations to simplify risk, engage employees to be a part of the process, reduce expenses and multiple profits. Moody has also pioneered a technology tool that helps organizations more efficiently manage employee benefit programs and save money for both the employer and employee in these programs.
