

Rotary Club of Carroll Creek

“celebrating 15 years of service to the Frederick Community”

Baker Park Band Shell Renovation

The Baker Park Band Shell Renovation is a project to modernize and enhance the aesthetics and functionality of this key community resource. The Rotary Club of Carroll Creek was approached by the Friends of Baker Park with this significant project. The end result will be an operational icon for public performance in downtown Frederick.

Be a permanent part of this structure now by sponsoring a brick paver. These pavers will encircle the band shell and will provide a lasting legacy. Individuals, families, businesses and others can make a significant impact towards the completion of this project. The 4” x 8” bricks are priced at \$100 per brick. You may include up to three lines of engraving (15 characters per line spaces, numbers, and letters). Please fill out the form below and return with your donations. Checks should be made payable to the Rotary Club of Carroll Creek Pass-Through Account. The account is through the Community Foundation of Frederick County and all contributions are tax deductible. Thank you very much for your support.
